Law Practice:

Mr. Martin is Managing Director of The Prevene Group, a specialty law group established to utilize the insight of former prosecutors and federal agents to help companies stop corporate misconduct before it becomes a disaster. He served as a federal prosecutor for 21 years, serving most recently as the United States Attorney for the Eastern District of Missouri. As a federal prosecutor, Mr. Martin was successful in the prosecution of white collar crime, public corruption, and drug and gun cases. His major corporate fraud cases included: Chrysler Motor's odometer fraud case; Emerson Electric's government fraud case; the CEO of Blue Cross/Blue Shield of Missouri; four top executives at Charter Communications; Edward Jones and the recovery of \$75 million; and Gambro Healthcare and the recovery of \$350 million.

In 1999 and 2000, Mr. Martin spent a year and a half working with former Senator John Danforth in the Office of Special Counsel serving as Director of Investigative Operations where he supervised 12 attorneys and 38 federal agents investigating the allegations pertaining to the 1993 confrontation between law enforcement and the Branch Davidians in Waco, Texas.
